

FIRE AND EVACUATION

Using fire extinguishers

DURATION	GROUP SIZE	VENUE	VALIDATION
2 to 3 hours	Up to 20 people	At your site	KABUTO certificate

Who it is for

All site staff

Prerequisites

None

Learning objectives

By the end of the course, the trainee is able to:

- Identify the fire classes present on your site
- Choose the right extinguisher and the right extinguishing agent
- Attack an incipient fire at the right distance and the right angle
- Locate the extinguishers on your site and check access to them

Content

- Fire triangle and the fire classes present on your site
- Choosing the right extinguisher and the right extinguishing agent
- Attacking an incipient fire, distance and angle
- Locating your site extinguishers and checking access to them
- Individual turn on a live fire, with the site equipment

Teaching methods and resources

Face-to-face training, on your site, in French or in English. Short theory inputs and scenarios on your facilities.

Documents issued

Named certificate of attendance

Assessment

Continuous assessment through scenarios, plus an individual sheet filled in step by step and given to the trainee.

Trainer

A trainer from professional emergency services: nurse, firefighter or military. Their identity, qualifications and professional liability certificate are sent to you before the session.

Price

On quotation, depending on group size, location and dates. Reply within 48 working hours.

Lead time

Quote within 48 working hours. The date is then set with you, according to our availability and your production constraints.

Accessibility

Our courses are open to people with disabilities. The adjustments needed are studied case by case before the session with our disability officer, reachable on 06 51 36 51 97.

Training for companies and organisations only, always delivered at the client's site.
