

CASUALTY CARE

Defibrillator - getting started

DURATION	GROUP SIZE	VENUE	VALIDATION
1 hour	Up to 25 people	At your site	KABUTO certificate

Who it is for

All staff on a site fitted with an AED

Prerequisites

None

Learning objectives

By the end of the course, the trainee is able to:

- Locate the defibrillators on your site and reach them without hesitation
- Operate the device and place the pads safely
- Alternate chest compressions and defibrillation

Content

- Where your defibrillators are and how long it takes to reach them
- Switching on, placing the pads, shock safety
- Combining chest compressions and defibrillation
- Monthly checks and replacement of consumables

Teaching methods and resources

Face-to-face training, on your site, in French or in English. Short theory inputs and scenarios on your facilities.

Documents issued

Named certificate of attendance

Assessment

Continuous assessment through scenarios, plus an individual sheet filled in step by step and given to the trainee.

Trainer

A trainer from professional emergency services: nurse, firefighter or military. Their identity, qualifications and professional liability certificate are sent to you before the session.

Lead time

Quote within 48 working hours. The date is then set with you, according to our availability and your production constraints.

Price

On quotation, depending on group size, location and dates. Reply within 48 working hours.

Accessibility

Our courses are open to people with disabilities. The adjustments needed are studied case by case before the session with our disability officer, reachable on 06 51 36 51 97.

Training for companies and organisations only, always delivered at the client's site.
