

CASUALTY CARE

Severe bleeding and tourniquet - TECC framework

DURATION	GROUP SIZE	VENUE	VALIDATION
1 day	6 to 12 people	At your site	KABUTO certificate

Who it is for

Teams exposed to machinery, blades and high-risk areas

Prerequisites

None. Course intended for a professional audience

Learning objectives

By the end of the course, the trainee is able to:

- Recognise bleeding that kills in under 3 minutes
- Apply a tourniquet to yourself and to others, one-handed
- Apply a pressure dressing and a haemostatic dressing
- Carry out monitoring beyond 2 hours of tourniquet time

Content

- Recognising bleeding that kills in under 3 minutes
- Applying a tourniquet to yourself and to others, one-handed
- Pressure dressing and haemostatic dressing
- What to do beyond 2 hours of tourniquet time
- Scenarios under stress, with noise and darkness

Teaching methods and resources

Face-to-face training, on your site, in French or in English. Short theory inputs and scenarios on your facilities.

Documents issued

Named certificate of attendance and assessment sheet

Assessment

Continuous assessment through scenarios, plus an individual sheet filled in step by step and given to the trainee.

Trainer

A trainer from professional emergency services: nurse, firefighter or military. Their identity, qualifications and professional liability certificate are sent to you before the session.

Lead time

Quote within 48 working hours. The date is then set with you, according to our availability and your production constraints.

Price

On quotation, depending on group size, location and dates. Reply within 48 working hours.

Accessibility

Our courses are open to people with disabilities. The adjustments needed are studied case by case before the session with our disability officer, reachable on 06 51 36 51 97.

Training for companies and organisations only, always delivered at the client's site.
